Cost Accounting Standards Board Review Panel; Notice of Web Page

The Cost Accounting Standards Board (CASB) Review Panel was established in March 1998 to study, analyze, and assess the mission of the CASB in light of recent federal acquisition reforms. Formed at the request of Congress, the panel includes members from government, industry, and the accounting profession. It is anticipated that the panel will conclude its studies, analyses, and deliberations by the end of the current year and issue a report with recommendations to the Congress in early 1999.

In conducting its work, the panel is seeking to obtain broad input from all interested parties including those in the government contracting community, academia, the accounting profession, and industry. At this time, the panel is seeking general comments on what are the most pertinent issues the panel should address regarding the CASB's mission in light of acquisition reform, its current structure, composition and membership, and the CASB's staff resources. As the panel proceeds with its work and focuses its attention on more specific issues, additional public comments on those issues will be solicited. Individuals interested in submitting comments to the panel can do so by visiting the CASB Review Panel's web page at <http://www.gao.gov> or can leave recorded messages at (202) 512-4501.
